TOLL FREE 1-800-653-6069

FAX 724-238-3187 www.kenco.com

The Kenco Slab Crab® bucket makes the removal of concrete slabs and bridge decks a one man job.

● HIGH YIELD, ABRASIVE RESISTANT ALLOY STEEL CONSTRUCTION

for exceptional durability even on the toughest demolition jobs.

"We pull over one hundred slabs a day with the Slab Crab."

Ruhlin Company Sharon Center, OH

SIMPLE OPERATION

1. Saw cut slab into manageable pieces just shy of the sub base.....
2. Slip the teeth under and tilt to break the bond.
3. Lift the slab and load it directly onto the truck.

SPECIFICATIONS for our most popular models.

The Slab Crab can be manufactured to process slabs ranging from 4 inches up to 20 inches thick, and is available for 20,000 pound to 50,000 pound excavators as well as backhoe and skid steer machines.
